

New Jersey's Clean Energy Program™
**Hurricane Sandy Relief
Solar Certification Form**

I certify that my inability to submit an initial registration package within ten days of execution of my contract for the purchase or installation of the photovoltaic panels to be used in my solar facility was due to the interruption to normal mail delivery and/or to the operations of the New Jersey Clean Energy Program caused by Tropical Storm Sandy. I understand that the New Jersey Renewable Portfolio Standard regulations governing solar system eligibility for SRECs require registration within the SREC Registration program within ten days of execution of a contract N.J.A.C. 14:8-2.4(c)(1). Failure to register a solar electric facility within the mandated ten day period may result in the inability to retire SRECs from the system within its first year of operation.

Customer Signature: _____

Name: _____

Title: _____

Date: _____

This form of certification was directed to be made available by the New Jersey Board of Public Utilities (NJBPU) solely for those SREC registrants adversely impacted by Sandy with contracts executed from October 19 to November 30, 2012. (I/M/O the Comprehensive Energy Efficiency and Renewable Energy Resource Analysis for 2009-2012 Clean Energy Program - Revised 2012-2013 Programs and Budgets: Storm Response Program Modifications, Docket Nos. EO07030203 & EO1110631V (January 23, 2013). Misuse of this certification may result in penalty of law.
