

NOTICE:

Applicants to Request For Proposals in the SREC-Based Financing Program offered by Rockland Electric Company (RECO), Atlantic City Electric Company (ACE) and Jersey Central Power & Light Company (JCP&L) **MUST** be accepted into *New Jersey Clean Energy Program's* (NJCEP) *Renewable Energy Incentive Program* (REIP) or *SREC Registration Program* (SRP) prior to submitting a bid package.

Bids for this solicitation are due Friday, March 5, 2010. RFP Documents for Solicitation are now available at <http://www.njedcsolar.com/documents.cfm>. As a condition of qualification for the RECO, ACE and JCP&L SREC-Based Financing Program, solar projects must have successfully completed the Initial Application process of the REIP or the SRP and received an NJCEP Application Number. NJCEP's initial application process requires the applicant to submit a package that includes the rebate application and/or SREC registration form, a solar technical worksheet, documentation of annual electric consumption (for behind-the-meter projects), a signed contract with a solar contractor, and a site map. Once the initial application package has been submitted and approved, the project is assigned an NJCEP Application Number. This number is communicated to the project applicant and the installer through the official NJCEP Approval Letter.

REIP applications that are properly completed are typically processed within four weeks of receipt; SRP applications are typically processed within two weeks. Incomplete applications are returned to the applicant without exception, and a NJCEP Application Number is not assigned. Applicants must correct deficiencies and resubmit the full application for review in order to be assigned an NJCEP Application Number.

In order to receive an NJCEP Application Number in time to submit bid, **REIP applications must be received and deemed complete by Thursday, February 4th** and **SRP applications must be received and deemed complete by Thursday, February 18th**. Applications received after these dates are not guaranteed to receive their NJCEP Application Number by Friday, March 5th.

A bidder's conference call will be held on Monday, January 25 at 4:30 PM. Representatives from NERA, the Solicitation Manager, will provide an overview of the SREC-Based Financing Program, discuss eligibility requirements, and describe the Proposal submission process. Time is scheduled for questions.

ACE, JCP&L and RECO SREC-Based Financing Program Call:

Monday, January 25, 2010 (4:30PM to 6:00PM eastern time)

Dial-in information:

US/Canada Dial-in Number: (866) 746-0569
International Dial-in Number: (706) 758-7209
