Clean Energy Conference
& Leadership Awards *Clean Energy. Smart Business.*
SEPTEMBER 18 / 06 | Hyatt Regency / New Brunswick NJ

New Jersey's Clean Energy Leaders...

New Jersey's Clean Energy Leaders have helped create a vibrant, clean energy market in New Jersey.

Their leadership and investment have helped foster economic development and diversify demand on traditional sources of energy while reducing energy use, lowering energy costs, and improving environmental performance.

Clean Energy. Smart Business.

New Jersey CleanPower Choice ProgramSM

**Clean energy.
Now a simple choice
for New Jersey.**

You now have a choice to help change the future. The **CleanPower** Choice Program from the New Jersey Board of Public Utilities' Office of Clean Energy is a simple way to support electricity from clean, renewable energy sources like wind, solar, small hydro, and landfill gas power. **Clean power that's good for the environment and good for New Jersey.** You'll continue to receive only one bill from your current utility, so there's only one check to write. And the cost? About \$6 to \$9 extra a month for an average New Jersey home. Sign up now for the **CleanPower** Choice Program and make the choice for a cleaner tomorrow.

**Look for the insert in your September electric bill
for details and how to sign up.**

**So many reasons. A new, clean, and simple solution.
NJCleanPower.com 1-800-515-5353**

New Jersey **CleanPower** Choice Program is brought to you by the New Jersey Board of Public Utilities and New Jersey's Clean Energy Program.

Program eligibility is limited to customers receiving Basic Generation Service from the local electric utility, who are current on payment of their electric bills. Universal Service participants are not eligible.

*Look for the insert
in your September
electric bill and
sign up for
CleanPower.*
