- **Reduce your residents' energy bills**
- **Combat global warming**
- **Help make New Jersey a better, healthier place to live**

"The Community Partners Initiative has given us an opportunity to really take advantage of all of New Jersey's Clean Energy programs. Our community is constantly looking for ways to become more energy efficient, and the Community Partners Initiative provides us with educational information on how to 'Go Green,' in addition to supporting our efforts with marketing materials and outreach strategies."

Gretchen Ferrante, Center Director of New Jersey Audubon Society's Nature Center of Cape May
