

Data Center Solutions for Success in a Digital World

A workshop presented by the Electric Power Research Institute, ASHRAE New Jersey Chapter and Jersey Central Power & Light. Hosted by DLB Associates.

Date: **Wednesday, Nov. 12**
Registration and Continental Breakfast: **7:30 a.m.**
Workshop: **8:30 a.m. – 4:30 p.m.**
Location: **DLB Associates**
265 Industrial Way West
Eatontown, NJ 07724

Join the EPRI, ASHRAE and JCP&L in a one-day workshop on data centers, the energy-intensive backbone of modern business and the “Cloud.” The workshop will bring together data center operators, utilities, and industry players to identify the challenges that face modern data centers and present best-practice solutions.

Up to 6 hours of Professional Development Hours (PDHs) will be available to attendees of this workshop.

Register online at www.cvent.com/d/p4qgr1; deadline is October 30, 2014
