

PROGRAM GUIDELINES

- Applicant must be a customer of one of the following electric utilities: Atlantic City Electric, Jersey Central Power & Light, PSE&G, Rockland Electric Company.
- All room air conditioners must be listed by the EPA as ENERGY STAR® qualified on NJCleanEnergy.com/roomac.
- Valid for ENERGY STAR qualified room air conditioners purchased between May 14, 2010 and August 31, 2010.
- Completed rebate application must be postmarked no later than September 30, 2010.
- Rebate application must be completed in its entirety and accompanied by proof of purchase, which consists of a legible copy of a dated and itemized sales receipt.
- Rebate application must include manufacturer, ENERGY STAR model number, serial number, store name, purchase date and purchase price.
- Limit two rebates per utility customer for purchases under this program.
- Unit must be installed in New Jersey.
- Offer limited to new products only.
- Rebates are issued in the form of a check from New Jersey's Clean Energy Program (NJCEP) and are **subject to available funds**.
- Customers of municipal electric utilities do not qualify for a rebate.
- Please allow up to 120 days from the date NJCEP receives ALL required information to process your rebate.
- Program procedures, requirements and rebate levels are subject to change or cancellation without notice.

The ENERGY STAR air conditioner rebate is one of many offerings from *New Jersey's Clean Energy Program*.

New Jersey's Clean Energy Program™

Purchase an ENERGY STAR® Qualified Room Air Conditioner and Receive a \$20 Rebate*!

YOU can save money, reduce energy and protect the environment by purchasing an ENERGY STAR qualified room air conditioner

ENERGY STAR qualified room air conditioners are 10% more efficient than conventional ones. With high-efficiency compressors and fan motors to cool your world, ENERGY STAR qualified room air conditioners use less energy and could save you up to \$20 a year on your electric bill.

Buy BETTER not BIGGER! Properly sized room air conditioners are more efficient in removing humidity from the air and reducing energy use. To determine the right size cooling unit for your use, try the Sizing Calculator at NJCleanEnergy.com/roomac.

Ready to do more to protect the environment?

For additional information contact:
866-NJSMART or visit **NJCleanEnergy.com**

Take the next step and call 866-NJSMART to schedule a *Home Performance with ENERGY STAR* assessment for your home to help identify other ways you can save energy.

* Rebate applies only to window/wall units that carry the ENERGY STAR label.

Limit one \$20 rebate per unit.

Limit of two rebates per customer per year.

See Program Guidelines on back for additional requirements.
