

Renewable Energy Incentive Program (REIP)

Application Form

Application Form: Requirements, Instructions, Terms and Conditions

Before completing the attached Renewable Energy Incentive Program (REIP) Application Form and the related REIP Technical Worksheet, please carefully read all of the information in sections A, B, and C. below.

A. Qualification Requirements

1. The proposed system must be installed in New Jersey and interconnected with the electric distribution system serving New Jersey (N.J.A.C. 14:8-2.9).
2. The REIP is applicable only for net metered wind and sustainable biopower projects installed behind the meter and sized no greater than 100% of the host's historic annual electric consumption. Note: Projects capable of supplying power that exceeds the limits imposed by the BPU's Net Metering and Interconnection regulations will be directed toward the Office of Clean Energy's Grid Supply Solicitation.
3. The system must be installed in accordance with requirements specified in the *New Jersey's Clean Energy Program*TM REIP Technical Worksheet and it must come with owner's manuals and warranty documentation.
4. Only new commercially available and permanently installed equipment is eligible for rebates and RECs.
5. System warranty must be all-inclusive for at least 5 years. A copy of the warranty must be submitted with the Technical Worksheet.
6. Customer must contribute to the Societal Benefit Charge (SBC), a small payment made through a utility bill from a regulated utility.
7. **The Applicant must receive an approval letter from the Renewable Energy Market Manager acting on behalf of the New Jersey Board of Public Utilities (NJBPUB) prior to commencing installation.**
8. Once approved, REIP applicants will have 18 months from the date of the approval letter to satisfy all program requirements and submit the [Final As-Built Packet](#) to request a state inspection.
9. The Renewable Energy Market Manager must approve all rebate requests; projects requesting a \$300,000 rebate or greater will require an additional approval by the New Jersey Board of Public Utilities.
10. Combined Heat and Power (CHP) systems powered by sustainable biomass may be eligible for REIP incentives. Applicants for CHP systems must complete Section C of the REIP Technical Worksheet – Biopower Equipment. CHP systems powered by a non-renewable fuel source and heat recovery or other mechanical recovery systems may be eligible for incentives through the Commercial and Industrial energy efficiency programs. Visit www.njcleanenergy.com or call 1-866-NJSMART for more information.

B. Instructions for Completing the Application Form

1. Complete all of Sections A through E of the REIP Application Form and all sections of the related REIP Technical Worksheet. All information is necessary for processing applications.
2. **All requested signatures on forms or contracts are required.**

C. Important Terms and Conditions

1. The "Applicant" is defined as the entity that applies to the REIP, i.e. Applicant could be the developer, system owner, installer, or site host. If the applicant is not clearly communicated to the Market Manager, the default Applicant will be the site host contact.
 2. The Applicant is responsible for submission of all forms and for communications regarding this application.
 3. The Applicant must agree to an inspection of their installed wind or biopower electric system by a program representative or designated contractor. The Applicant must also agree to allow the program to verify the facility's energy production for the life of the system.
 4. The NJBPUB reserves the right to modify or withdraw this program. Program procedures and rebate levels are subject to change or cancellation without notice. Approved projects will be honored under the terms stated in the approval letter.
 5. Installation must comply with the host Electric Distribution Company's (EDC) interconnection requirements, which are available online; these include operation/disconnection procedures, liability/indemnity and insurance requirements according to the size of the project. For information on interconnection, please see our website at www.NJCleanEnergy.com or contact your EDC.
 6. Incentive levels will be established based upon the date that the Market Manager receives a fully compliant program application package, not the purchase date of the equipment.
 7. The Applicant must comply with the installation requirements in the REIP Technical Worksheet.
 8. If anything is changed between the time of application and program inspection, an updated application and/or Technical Worksheet must be submitted PRIOR to the program inspection of the installed system.
 9. Systems shall be installed according to manufacturer's instructions.
 10. Portable systems are not eligible to participate in this program.
 11. Information may be subject to the Open Public Records Act (OPRA) requirements. Aggregated Information will be used in reports and evaluations, and the geographic location will be used to update GIS mapping.
 12. Applicants must sign a certification form along with this application agreeing to reimburse *New Jersey's Clean Energy Program* on a pro-rata basis for the rebate if the equipment is transferred for use outside of the state of New Jersey within 10 years of the rebate payment date.
 13. All installations must comply with all applicable local, state and federal laws, permit requirements and regulations.
- . Updates to the Program requirements are subject to change.**

Renewable Energy Incentive Program (REIP) Application Form

For more information or updates about *New Jersey's Clean Energy Program*, please contact the NJBPU at 866-NJSMART or visit www.NJCleanEnergy.com.

All installations must comply with all applicable local, state and federal laws, permit requirements and regulations.

Mail or hand deliver completed package to:
(Faxes and e-mails are not accepted.)

Renewable Energy Incentive Program (REIP)

Application Form

A: APPLICANT/SITE HOST CONTACT (Where will the system be installed?)

Electric Utility Name: _____ Account Number: _____
 Gas Utility Name: _____ Account Number: _____
 Social Security Number/Federal Tax I.D. Number: _____ (complete if receiving rebate)
 Company Name (if applicable): _____
 Mr. _ Ms. _ Dr. _ First Name: _____ Last Name: _____
 Daytime Phone: _____ Fax: _____ Email: _____
 Installation Address: _____
 City: _____ State: _____ Zip Code: _____
 Building Type: Existing: __ or New Construction: __
 Mailing Address (if different): _____
 City: _____ State: _____ Zip Code: _____
 Type: Residential Commercial Non-Profit Public School School other Government Farm

B: SYSTEM OWNER (Who will own the system after it is installed?) FILL OUT IF DIFFERENT PERSON THAN SECTION A

Company Name: _____ Contact Person: _____
 Mailing Address: _____
 City: _____ State: _____ Zip Code: _____
 Daytime Phone: _____ Fax: _____ Email: _____

C: REBATE RECIPIENT (Fill in section if rebate check is to be issued to an organization / person other than the Site Host Contact)

Company Name: _____ Contact Person: _____
 Social Security Number/Federal Tax I.D. Number: _____
 Daytime Phone: _____ Fax: _____ Email: _____
 Mailing Address: _____
 City: _____ State: _____ Zip Code: _____
Applicant Signature: _____

D: CONTRACTOR / INSTALLER

Company Name: _____ Contact Person: _____
 Daytime Phone: _____ Fax: _____ Email: _____
 Mailing Address: _____ HIC License: Yes __ No __
 City: _____ State: _____ Zip Code: _____
 Self Installation: Yes __ No __ Installer to be determined: __ (Option Applicable for Public Sector Only)

E: CERTIFICATIONS

The undersigned warrants, certifies and represents that 1) the information provided in this form is true and correct to the best of his or her knowledge; 2) this is a net metered behind-the-meter system, and the annual output of the above described generating system will not exceed 100% of the host's historic annual electric usage; 3) the Installer/Contractor will provide manuals related to the system operation and maintenance to the system owner; 4) the system proposed will be constructed, installed and operated in accordance with all NJBPU rules and applicable laws, and all NJBPU policies and procedures for the REIP program; 5) the applicant/site host contact is the Customer of Record for the Utility Account; 6) the site host contact gives permission to the NJBPU to review their electric and gas account information, both prior to installation and subsequent to installation; 7) all signed parties realize that certain information in their application may be subject to the Open Public Records Act (OPRA); 8) the installer/contractor has reviewed and explained the applicable REIP Technical Worksheet; and 9) The Technical Worksheet that accompanies this application is accurate and system installation will follow the instructions detailed on the instruction page of the applicable REIP Technical Worksheet.
