

Notice: New Jersey's Clean Energy Program – Cooperative Advertising Update

Date: July 5, 2016

As of May 12, 2016, New Jersey Clean Energy Program's (NJCEP) Cooperative Advertising Initiative is on hold and not accepting new submissions due to the recent expiration of marketing contracts.

NJCEP will honor all cooperative advertising commitments made prior to May 12, 2016. Please submit all final paperwork for reimbursement to coop@njcleanenergy.com prior to the deadline specified in your approval email. There will be no extensions to previously approved ads and requests for new approvals will not be considered until the program re-opens.

If you have already submitted your final paperwork, payment(s) will now be processed. It may take up to 120 days to receive your incentive check(s).

NJCEP will notify contractors when the Cooperative Advertising Initiative is ready to start accepting new applications.

If you have any questions about this information, please contact us at coop@njcleanenergy.com or call 866-NJSMART (866-657-6278).
