

New Jersey's Clean Energy Program™ provides rebates on the most energy efficient refrigerators manufactured. The list below includes select ENERGY STAR refrigerators that are eligible for the \$50 rebate. Please note that the rebate is only available to certain ENERGY STAR models that are also 25% better than the federal standard. Both of these standards must be met in order to qualify for the incentive. Please contact us at 866-NJSMART (657-6278) to confirm the model you are considering purchasing is eligible for the incentive.
