Renewable Energy

April 2011

New Jersey's **Clean Energy Program**[™] helps New Jersey residents, commercial, industrial and municipal customers reduce their carbon footprint and lower their costs of living by being more energy efficient. Whether switching to ENERGY STAR[®] qualified compact fluorescent light bulbs or retrofitting a small business or community center - these efforts are really paying off.

Let us show you how to save money and protect the environment by living more energy efficiently.

Lighting Fair to be held at New Jersey Natural Gas on April 8

*New Jersey's **Clean Energy Program*** will host a Lighting Fair at New Jersey Natural Gas (NJNG) on Friday, April 8th. The event is open to the public, and will offer deeply discounted prices. Products will include ENERGY STAR compact fluorescent light bulbs (CFLs), LED light fixtures, specialty bulbs, lamps and fixtures at very low prices. Visit us at the NJNG Headquarters facility at 1415 Wyckoff Road in Wall.

Board of Public Utilities 100th Anniversary Celebration

Thursday, April 21, 2011 marks the 100th Anniversary of the New Jersey Board of Public Utilities. To celebrate, the BPU is co-sponsoring a conference with Choose New Jersey, a non-profit corporation created to promote New Jersey as a place to invest and do business. The conference will be held on April 21st from 8:00 - 4:30 pm at the War Memorial in Trenton, NJ. [Learn more...](#)
