

**NOTICE:**

The Market Managers have made best efforts to support the JCP&L and ACE SREC auction by prioritizing processing for customers applying to the Renewable Energy Incentive Program (REIP) or SREC Registration Program.

All completed SREC Registration applications received by the Market Manager by **noon on Wednesday, August 19** have been issued an approval letter. All completed REIP and SREC Registration Program applications received by noon on **August 19, 2009** have been issued an approval letter. All approval letters have been transmitted to the applicants by the Market Managers.

These applicants have been notified of their Application Number so they can submit Expression of Interest to the Solicitation Manager. If you have a project which has met this requirement and have not received a communication from the Market Managers, please call Theresa Heller at 732-218-3415.
