Renewable Energy Meeting

Trenton, NJ

Discussion Topics

1) Definition of 'solar market development volatility' and key indicators

- What is market development volatility? What does this include?
- What is the timeframe over which volatility is viewed?
- What are the key indicators that can be used to measure volatility? How easily available are they? What do they tell us about market development volatility?

2) Discuss of SREC market construct

- The SREC market is created by policy. What are the key attributes of the SREC market construct in NJ that contributes to market development volatility or stability?
- What are the negative effects of market volatility? To ratepayers? To developers? To end-users? To other stakeholders?
