* Array size is as listed by applicant when two values were used, MW ac and MW dc. Where the listed ac and dc are equal, the value was missing for one MW, so its counterpart was inserted to enable summing

red^ = no application submitted, application received late, escrow late or lacks escrow

The above information represents Subsection q. application information received by Board staff. The applications are currently undergoing staff review with a recommendation for application disposition anticipated to be delivered to the Board in August 2013. The release of this information does not constitute an approval to proceed. Staff makes no representation as to the accuracy or comprehensiveness of the data displayed. Should there be any discrepancy between the data submitted and the data as it appears in the spreadsheet(s), the data as submitted controls.
