Kristi Izzo, Secretary
New Jersey Board of Public Utilities
44 South Clinton Avenue
PO Box 350
Trenton, NJ 08625

The Attached spreadsheet, Exhibit B, which is referenced in our Motion to Reconsider contains public information that has been pulled directly from the May 10, 2013 Board Order and compiled by PVOne.

Purpose of Exhibit B, is to provide a tabulated depiction of Deferred Projects and Denied Projects, and their individual expenditure ratio as tabulated by the Board.

You will see that according to the Board, the PVOne project has an expenditure ratio higher than 15 of the 20 Deferred projects and is more than twice as high as the balance of the Denied projects.

Sincerely,

Elliott Shanley

Per page 36 of the Board Order, Staff recommended "the use of final, unappealable approvals as the demarcation for projects to be deferred for further consideration."

Per page 14 of the Board Order, percentage of funding expended was among the key criteria utilized by Staff to judge project progress.

PVOne's % of funding expended exceeded 15 of the 20 projects achieving Deferred status, and ranked more than twice that of any other project achieving Denied status.
