In accordance with recent amendments to N.J.S.A. 48:3-87, the Board is developing rules governing the construction and financing of wind powered renewable energy generating facilities located off the coast of New Jersey.

Specifically, the Board must develop rules to establish an offshore wind renewable energy certificate program and rules by which it can review applications to construct, finance and operate offshore wind (OSW) facilities. As part of the rule development process, the Board is seeking public input and comments on issues specific to the rulemaking, and suggestions for developing and implementing the offshore wind program.

Written comments will be accepted electronically in Microsoft Word Format until **October 29, 2010** at the following e-mail address:

rule.comments@bpu.state.nj.us

The subject line for all emails should include the language – OSW rule comments.
